

Processed Commodity Advisory Council Meeting

The Processed Commodity Advisory Council met on January 21, 2010 in Eagle, Idaho to determine the processed commodities for School Year 2010-2011.

Forty-six participants representing 32 National School Lunch Programs throughout Idaho participated in a blind taste test (cutting) of further processed commodity products. Products were selected after discussion of the taste test results, nutrition information, pricing and other factors such as packaging, etc.

The following products were selected by the Processed Commodity Advisory Council:
